

September 11, 2023

After a comprehensive review of the current and extended weather forecast, and reaching out to the Aroostook County Emergency Management Agency regarding safety concerns, along with up-to-date information obtained from the NWS Caribou website, unfortunately, it was determined by Spud Speedway, under an abundance of caution, that we will be postponing the highly anticipated Dustbowl scheduled for September 14 - 17th, until September 29, 30 and October 1st.

This decision was a hard one for track owners, Troy Haney and Jim Gamage. Many months of planning went into this event, and we want this first Dustbowl to be the best and safest experience it can be for those who attend.

We understand the disappointment this may cause to our valued supporters, sponsors, vendors, and participants. Please be assured Spud Speedway is committed to delivering an exceptional experience once conditions allow for a safe and enjoyable weekend. On a positive note, this gives everyone more time to build scarecrows for the city wide scarecrow competition, time to get your cars shined up for the car show, new tires for the burn out competition and your sleds tuned for the grass drags.

For further information and updates regarding the rescheduled event, please visit our website www.cariboudustbowl.com.

As we now look forward to the end of the month may Mother Nature be on the side of Dustbowl. See you there!
